14 WEEKEND FIRES DESTROY 184 ACRES

Some 14 grass and bush fires in the Ministry of Natural Resources Minden District destroyed more than 184 acres last weekend.

Careless canoeists were believed responsible for the largest blaze, a fire that destroyed 152 acres of woods and blueberry bushes near Crane Lake in Harvey Township. To fight the fire, ministry employees had to canoe into the area.

In addition to five employees on weekend duty, the ministry called in 11 others to battle the blaze, then hired another 31 persons as extra fire fighters. Some 8 area fire departments were also called out.

Of the 14 fires two were recreation-caused - careless campers and canoeists, while 12 were caused by grass fires that got out of control. Ministry officials have warned residents and visitors alike to be especially cautious with fire and cigarettes whether camping or cleaning up their property.

'Death trap' to stay

The western portion of the VanKoughnet Road was described as 'a death trap' by Stanhope Reeve Sinc. Nesbitt a week ago as Haliburton County Council discussed the refusal by Muskoka District to improve their section of the highway due to lack of funds.

Last summer saw the completion of the \$3.3 million stretch of road from Highway 35 at Carnarvon to the Muskoka District border, a five-year project that turned tough bush country into one of Ontario's most scenic routes. Still unimproved is the balance of the highway, a 12 to 15-mile stretch through Muskoka to Highway 11. Potholes, hairpin turns and poor markings are just some of the hazards to be found on this narrow, twisting road.

To Haliburton County councillors this spells danger for drivers who suddenly find the modern, new highway transformed into little more than a trail.

'It is like entering a death trap to have driven our road and then suddenly enter this fifth grade road', protested Mr. Nesbitt.

— "OKAY, NOW BLOW!" —

THESE NINE STUDENTS UNDER THE LEADERSHIP OF TEACHER GLEN CARTER FORM THE ARCHIE STOUTER PUBLIC SCHOOL'S 'RECORDER CLUB'. THEY ARE JUST ONE OF A VARIETY OF SPECIAL ACTIVITY GROUPS COMPRISING SOME 280 STUDENTS STUDYING A BROAD RANGE OF SUBJECTS IN ADDITION TO THEIR REGULAR CURRICULUM.

Limit Cottage Services

Material shortage hits Hydro

Ontario Hydro is appealing to developers and industrial customers to provide the utility with earlier notification of planned new developments requiring transformers and other electrical equipment. 'A world shortage of critical materials, particularly steel is causing severe delays in deliveries of electrical equipment,' explained P.J. Garlough, manager of Hydro's Georgian Bay Region. 'The shortage is expected to be severe enough to warrant establishing priorities,' he said. 'Available material will be used for maintaining service to all existing customers and then providing new service to all-year residential customers and to job creating industries. New summer cottage services will be limited to the num-

ber possible with the remaining material.' Lead times for procuring transformers have doubled and even tripled in many cases. The same holds true for cable and wire as well as poles, said the Hydro official. 'Unless customers can give us substantially more lead time,' Mr. Garlough said, 'we won't be able to provide them with the electrical equipment they need on time.' Manufacture of transformers is being held up both by a steel shortage and a scarcity of the special oil they use. In addition, the oil shortage has reduced the supply of plastics used for electrical insulation with the result that cable and wire can take up to six months to deliver. Continued on P. 11

Signs lost to county

Roadside signs advising 'You are now entering Haliburton Tourist Region' are to be removed next September according to the Ministry of Transportation and Communications.

In a letter to Haliburton Highlands Chamber of Commerce and presented last week to Haliburton County Council the Ministry said that the signs served no useful purpose and that the Ministry of Industry and Tourism were in agreement with the decision.

Council agreed with Reeve Reg Booth of Anson, Hindon and Minden, who observed that the signs play an important role in the county's economy, and decided to pursue further the possibility of retaining the signs. (See Text of Letter, Page 4).

Four hurt

An accident on Highway 35 south of Minden April 17th left four people with minor injuries.

Police said a car driven by Vinton Loucks, 75, of Minden was travelling south on Highway 35 when it went out of control, struck a culvert, and travelled 71 feet in the air before landing and striking a tree. The car landed on all fours.

Injured in the accident were Vinton Loucks, Emily Loucks, 70, of Minden, and Leslie, 64, and Nina Prentice, 66, of Minden. Damage in the accident was \$1,500.

Glee club operetta

The name of this year's musical production by the Haliburton Highlands Secondary

Hyland Crest Appoint Doctor

Haliburton County Council last week announced the appointment as of April 17 of Dr. Harry Good of Haliburton as official physician for Hyland Crest Senior Citizens Home. Dr. Good's appointment is for a period of one year.

School Glee Club is 'The Emerald Isle'. The text is by Basil Hood, and the music, begun by Arthur Sullivan was completed after his death by Edward German. This 2-act operetta is to be performed on the stage of H.H.S.S. on May 8, 9, 10 and 11 at 8 pm. Tickets available at the door. Adults \$1.50, Students \$1.00, Children under 12 accompanied by adults - 50¢.

HERE and THERE with NORM MAIDENS

Here's another week and it's going to be touch and go to fill the space. Let's start off with this -- when Cons. Barry Connelly of the O.P.P. stopped me near Lutterworth Pines. The last time I came under the eyes of the men in blue, namely Cons. Telford, it cost me \$22.00 for not watching what I was doing. As I slowed to stop I tried to figure out what I had done but there was no answer until Barry asked me to look into the back seat of his cruiser and asked me 'Have you ever seen this before?' 'This' turned out to be the main section of an unexploded shell W.W. 11 vintage -- the Clergy House has always been coming up with odds and ends and apparently this shell came out of the creek behind the property. Knowing that I was a collector and had a small museum going for me at one time Barry thought this may have been an item that 'got away' from me.

I have collected many things but shells was never one of them. The shell looked like either a 105 or a 25 pounder and my personal feeling was that it was a live one. Needless to say Barry wasn't long in getting rid of -- I can't blame him -- the shell. That's not my idea of stuff to carry around on the floor of a cruiser--about 3 feet long and over 4 inches in diameter, it sure would have raised hell if it had took off--whether Barry would have his seat belt attached or not would have become academic.

I'm still getting 'phone calls and letters about my copper band--no one has come up with why it works but the majority are in favour of its being good.

Here's an experience I had and you make any decision you want about it or maybe someone will have an explanation. Ever since I bought the bracelet I have worn it on my left arm, which keeps getting dirtier and dirtier. I thought I would change it over to my right arm and see what would happen. I left it on for two days--nothing. My arm was as clean as a whistle but, when I went to get out of bed after having it off my left arm for two days my shoulder and arm were so sore I could hardly move. Sufficient to say it's back on my left arm and there it is going to stay.

The first article on UFO's by Peter Sweet promises to be followed by an interesting and educational series. Speaking of UFO's I understand that for some five or six years Mrs. Kay Lunham has a tame crow which lives with her all summer. This year, shortly after his arrival, the crow has become quite militant and is taking a round out of the flying saucers as they come into range. If the saucer people are at all hostile it is just possible that Mrs. Lunham's crow may rapidly become a 'dead duck'.

Got a nice 'phone call from Lawrence Pritchard--time goes by so quickly and I'm always going to visit him but it never seems to come to pass this will have to change this year--and it will. My association with Lawrence goes back to 1934 and 35 when we were trying to get Hydro into Minden. As I remember it he signed contract number 1. Mr. Pritchard has done a great deal for the Municipality--he and I did a lot of work together--we didn't always see eye to eye but, if you could show Lawrence your side of the story he'd back you all the way. This quality is rarely found in the business world today. Lawrence has always held a special spot in my business life and I have a great deal about integrity from him--there are too few of his kind left and, as they pass on, the world is the poorer for their loss.

With all this talk of flying saucers I had an experience the other night similar to my 'sighting' in 1947. You will remember at that time I told you the lights on my car went out. This is what happened to me the other night. Going along Highway 35 a light passed over my head and my high beams went out--I quickly switched to low beam and bang, out they went--there I was, no lights, I was able to get home and next morning Jack Austin fixed me up--I hadn't been involved with flying saucers, just 'flying stones'--they had wiped out my headlights.

Alright, the story ain't so good, but I'll do anything to fill up the space this week.

Better throw in a little story here--courtesy of Bill McDonald. This fellow was on a business trip in Rio and he met a beautiful young lady who sat down at his table.

'Do you speak English?' he asked.

'Si, joost a leetle,' she replied.

'Just a little bit eh! How much?'

'Twenty-five dollars,' was the prompt reply.

Well, that's it for this week. Drive carefully and don't let a stupid accident spread you all over our landscape. We got a lot going for us up here--hang in there and enjoy it with us. Whether your seat belt is done up or not we can't afford to lose your business.

Until next week, think on this -- 'Platonic friendship:--that's what develops when two people grow tired of making love to each other.'

IF

- IF a child lives with hostility,
he learns to fight.
- If a child lives with criticism,
he learns to condemn.
- If a child lives with fear,
he learns to be apprehensive.
- If a child lives with jealousy,
he learns to hate.
- If a child lives with self-pity,
he learns to be sorry for himself.
- If a child lives with encouragement,
he learns self-confidence.
- If a child lives with praise,
he learns to be appreciative.
- If a child lives with acceptance,
he learns to love.
- If a child lives with approval,
he learns to like himself.
- If a child lives with fairness,
he learns justice.
- If a child lives with honesty,
he learns what truth is.
- If a child lives with friendliness,
he learns that the world is a nice place to live.

What do children learn from you?

BEYOND REASON

by

PETER G. SWEET

(For some six months now the almost nightly sightings of unidentified flying objects in the skies of Haliburton County have aroused the curiosity of not only area residents but countless Progress readers across North America.

Mr. Sweet has been a student of UFO's and other unexplained phenomena for the past 25 years, gathering both published and unpublished data and attending lectures..ed)

The term 'flying saucer' originated from a sighting on June 24, 1947, by an American pilot, Kenneth Arnold. While flying a light plane in the region of Mount Ranier in the state of Washington, he observed over the distant horizon, a formation of nine disc-shaped objects he estimated to be flying at 1675 miles an hour. As they maneuvered in and out of the surrounding mountain peaks they glistened in the sun. He first thought them to be a flight of birds but he soon realized, because of their speed and maneuverability, they could not be explained in this way.

His report received much ridicule in the following months, but as the public became more interested, increasing numbers of strange objects in the sky were recorded.

People believed this was the beginning of a new phenomenon and groups began to form for the purpose of observing and compiling information. As public pressure grew, a governmental investigation body was formed. It was called 'Project Grudge' which, after a year and a half, became known as 'Project Blue Book'. During the period from 1949 to 1966, 'Project Blue Book' examined about 500 reported sightings a year. All but about 4 percent were labelled natural occurrences--balloons, aircraft, astronomical bodies, etc. This agency was classified, and only through the diligence of retired Major Donald Kehoe, who later formed the first private investigation body called 'Nycap', was the true nature of the project revealed. Major Kehoe felt that the number of sightings was much underestimated. He finally got documents to prove this was true, and the fact became known that the United States Air Force Agency was feeding Project Blue Book only hand-picked, token reports.

In reality, the number of sightings reported to the Air Force was on an average of 2,500 a year, not 500. By the year 1965, it was revealed that some 15,000 Americans had observed flying saucers. Public opinion mounted so strongly that on October 7, 1966, the government disbanded Project Blue Book and commissioned Dr. Edward U. Condon, of the University of Colorado, to do a scientific investigation with a selected group of fellow scientists. After great delay, the report of this body was finally released to the public in 1968, with the consensus that there was no scientific proof that UFO's exist. This report did nothing to satisfy private investigating organizations and the public did not accept it either. If anything, it only added fuel to the fire.

The term 'UFO' was adopted due to the fact that these investigating bodies offered natural explanations for about 96 percent of what people were seeing in the sky. A Gallup Poll in 1973 showed that 15,000,000 Americans had seen a UFO.

In his early investigations, Donald Kehoe sensed a strong feeling, in dealing with the American government, that they were afraid that if the truth became known of what these things were, the public would panic. He very early dispelled the myth that these sightings were secret weapons of either the United States or Russia, maintaining that neither country would fly a secret weapon over a populated area for fear of discovery--which makes sense.

Through various studies, it is now becoming known that objects have been seen by man since the earliest recorded history. There are examples in the Bible of what appeared to be strange occurrences in the sky. People have left reports of strange lights and fiery crosses five and six hundred years ago. The phenomenon is not new.

What has taken place is that in recent years we have had an apparent suppression of reports to the public by various governments, world wide, and only through private investigating bodies has the truth become known.

In 1955, I was working for a business machine firm in Toronto. At an open house one night I met a Royal Canadian Air Force Radar Observer and in the course of the conversation I questioned if he had ever seen any evidence of UFOs on the radar screen. He said that they saw an unexplained blip on the radar screen at least once a day. He added that in about six months there would be a ban by governments on public release of reports. This prophecy remained with me until it indeed did happen. Very few sightings appeared in the Press for the next few years.

Another example I can give of censorship is more subtle. In 1968, when I was working in television as a technician, I was shown a wire service bulletin that had just come in. This bulletin was of an advisory nature from the wire service, saying that from this date on, all reports of UFO's should be treated in a light and humorous manner.

For the unconvinced, Project Blue Book employed as a consultant, an astronomer, J. Allen Hynek. He would investigate various incidents of public encounters with UFO's. Usually the result of his findings was that people were seeing weather balloons, mirages, and in one case, swamp gas.

After two years of investigation he became so convinced that people were seeing unexplainable objects and not natural occurrences, that he resigned from the Project and formed one of the largest private UFO investigating bodies in the U.S. Professor Hynek feels that these objects indeed may be extraterrestrial visitors but as yet there is no definitive answer.

Next week: UFO Encounters with the Military.

'ON TO ONTARIO PLACE'

MAY 25th, 1974

Haliburton County Centennial Day

BY BUS

Travelways Coaches will leave and return to these places in the County - Cardiff, Wilberforce, Gooderham, Dorset, Carnarvon, Minden, Haliburton. Tickets will be available from each Township office and the Chamber of Commerce. We would ask that you pick up your tickets as soon as possible and they MUST be picked up by May 18th.

Senior Citizens: Through the generosity of all the Township Councils in subsidizing their residents (65 years of age and over) the cost of the return trip to them will be \$2.00 (yellow ticket).

The price for adults (green ticket) and students (white tickets) will be \$6.00 per person. These both include return coach fare and admission to Ontario Place.

Children 6 years and under - FREE

Bus departure times 9 a.m.
Leave Ontario Place (tentatively) 9 p.m.

Further inquiries may be made by phoning Chamber of Commerce

Office - 286-1760
After hours - 457-2344

EDITORIALY

Posties

It's not really the 'in' thing this week to give postal employees a pat on the back.

The exceptions, however, have to be the staffs of the Minden and Haliburton Post Offices. They, in company with a very few other postal staffs across the country, have remained on the job despite the current Canada-wide walk-out by postal workers that is virtually strangling the country's business life.

Those workers who have remained on the job have shown a dedication and sense of responsibility that will not be forgotten.

Thank you.

Priorities

The scene in Ottawa this last week seems reminiscent of an episode some two milleniums ago when a fat cat named Nero blew the works by fiddling as Rome burned.

Amidst galloping inflation and crippling strikes by postal workers and airport firemen, Canadians were treated to the spectacle of a nonchalant Ottawa blithely debating, of all things, a bill to prevent the World Football League from encroaching on the preserves of the CFL in general and Toronto's Argonauts in particular.

Not only that, but of some 260-odd members of Parliament less than two-thirds even bothered to show up to conduct the nation's business.

Canada is in urgent need of a government that knows its priorities and is willing to do something about them --- NOW!

Beautify

This Saturday, Minden's Scouts and Cubs will plant some 4,000 trees in a major effort to beautify the Community Centre grounds.

For the past few weeks the boys have been busy securing pledges from area residents in support of the project.

Now comes the job of planting the trees.

Once again, the world of scouting begun many years ago by Lord Baden Powell, can do the job.

Congratulations to everyone concerned.

Fire supervisor courses planned province-wide

A program of 36 free contents this year is the previous experience as Production Foreman with Canada's largest fireworks manufacturer. Courses for Ontario has introduction of demonstration firing at each Course. Jean Bissonnette, Technician with Explosives Division, will instruct students on site selection and protection; crowd control; firing distances from spectators; firework transportation; firework trans-

The Spring program of Courses began March 5th, with instruction being held in Stratford, Guelph, St. Catharines, Sarnia, Windsor, St. Thomas, Cornwall, Ottawa, Belleville, Kingston, Brockville, Sudbury and North Bay.

Fall Courses are scheduled for Timmins, Kirkland Lake, New Liskeard, Thunder Bay, Fort Frances, Kenora, Dryden, Owen Sound, Barrie, Bracebridge, Pembroke, Bancroft, Peterborough, Mississauga, Richmond Hill and Oshawa, beginning September 10th.

Courses are now forming. Interested persons are advised to enroll as soon as possible to guarantee attendance.

Jean Bissonnette, Course Instructor

This action comes as a result of revisions last year to the Canada Explosives Act. Exhibition-type fireworks displays, traditionally marking many of our annual celebrations, must now be fired under the direction of a qualified "Fireworks Supervisor".

Qualifying Courses are open to responsible persons 18 years of age and over who will be in charge of community fireworks displays.

There is no Course fee. Travel arrangements and any other personal expenses are the responsibility of candidates. Courses are 4 hours in length. Successful candidates receive a Fireworks Manual and Registered Certificate. A disposal. Bissonnette is well qualified, with 19 years

Application forms with specific locations and times may be picked up through-out Ontario from your local Fire Department or by writing direct to the Ontario Safety League, 409 King Street West, Toronto, Ontario M5V 1K1.

Cancer a Personal Challenge

by
NORM MAIDENS

(NINTH IN A SERIES)

Cancer can be beaten--but, as I have told you before you have to help by not being afraid to have an examination which might be the difference between life and death. Let me tell you of the rest of the staff in the Princess Margaret Lodge. First thing in the morning I was aroused by a cheerful call from Mrs. E. Kuehnle, R.N. who would have my insulin injection ready for me. During the time she would be on duty she always had time to answer your questions and do whatever was necessary for you. She always gave you the feeling that was all she lived for--just to help you. She has a special spot in my memories of Princess Margaret Lodge.

At night, when it came time for my diabetic snack, Miss G. Bruns, would have everything ready for me--here again time seemed to mean nothing as whatever your problem she had the time and patience to devote to you. Mrs. L. Lloyd, R.N. was the other nurse on staff but I only met her once as she was going on vacation the day I arrived. I have no reason to believe she wouldn't be a beautiful person like the others.

Mrs. Pat Walker and her staff deserve every bit of credit that can be given to them. The Lodge itself is a perfect place to stay. So, if at any time, you find you are to stay there, have no fear--you couldn't be in a better spot.

The grounds surrounding the Lodge are perfect for sitting and enjoying yourself. The basement has craft rooms, rehab centers and games rooms, beauty parlor and just about everything you need.

The ground floor has the business offices, two small lounges, the main lounge and a small library. The cafeteria and kitchens are adjoining the main office.

The two upper stories are rooms etc. with each floor having a small lounge and kitchen complete with colour TV for your convenience. You are able to come and go as you wish--you couldn't live so good at home.

The food, service, and the Staff leave nothing to be desired. The residents are people that have cancer like yourself but they are a most congenial group of people and living with them is an education in itself.

Just bear this in mind--if you are slated to spend some time in the Lodge--have no fear, it is a beautiful place and just loaded with the best of everything. Next week I'd like to tell you about the 'yellow ladies' and the work they do--here again you have to meet and know these people--the mere telling falls far short of their dedication.

HALL'S LAKE NEWS

by Doreen Stinson

Mr. and Mrs. James McCarthy of Pickering checked in at their cottage on Saturday and also visited for a time with Mr. Edwin Hewitt. Jason Andrew, infant son of Mr. and Mrs. Jack Harrison was baptized at St. Stephen's Church on Sunday afternoon, the God-Parents being Mr. and Mrs. Allan Barnes. It was nice to have several small children of their relatives and friends with their parents at this very impressive service. Mrs. Althea Gartshore was presented with a gift following the service on Sunday, for her long and faithful service as church treasurer of St. Stephen's Church. Mr. William Mole as Peoples' Warden made the presentation. Sunday afternoon we thought we were 'seeing things' on Boshkung Lake when we spotted a red canoe with two peo-

ple in it out among the huge slabs of ice. They must have had to paddle carefully to obtain that position, and we presume they were ardent fishermen.

A letter this week from the Dept. of Transportation and Communication discourages the Centennial Project planned for Hall's Lake because of parking regulations. The Committee will have to discuss as to whether another location can be found that would be more satisfactory and safe for visitors, and still easily accessible.

We were sorry to learn that one of our Summer visitors, Mr. George Moore, had passed away in February.

Good used clothing and articles of apparel are for sale at 'La Boutique' at Hyland Crest. The Residents have first choice but we do get some things given to us that are not entirely suitable so we can sell them at a minimum fee and turn the money in for treats and extra conveniences such as coffee tables for their tea parties, easy chairs for the lounge, and other things such as outside umbrellas and summer chairs, etc. It is an Auxiliary project set up for the fun of shopping personally by the Residents, but from time to time will be cleared out by Sales to the public and is open most Wednesday afternoons from 2 to 4 p.m.

TREES PLEDGED

SOME 52 MINDEN AREA CUBS AND SCOUTS LITERALLY TOOK OVER HALIBURTON COUNTY COUNCIL CHAMBERS BRIEFLY A WEEK AGO AS THEY SOUGHT AND GOT PLEDGES FOR TREES TO BE PLANTED THIS WEEKEND. PLANS CALL FOR 4,000 TREES TO GO IN THE GROUND AROUND MINDEN'S COMMUNITY CENTRE AS PART OF A CANADA-WIDE CUB-SCOUT COMMUNITY IMPROVEMENT PROGRAM. SEEN ABOVE SIGNING PLEDGES ARE COUNTY WARDEN MURRAY FEARREY AND REEVE REG BOOTH, RIGHT, OF ANSON, HINDON AND MINDEN.

Get into the habit...

Safety belts do save lives. Make sure that you are wearing yours no matter how long or short the trip. It could save your life.

CENTENNIAL CORNER

FROM THE TOWNSHIP OF STANHOPE

The original survey for the Township of Stanhope was commenced in October 1859, by G.W. Stewart, P.L.S., and the results of this survey were presented in a report to the Commissioner of Crown Lands, in July, 1860. Mr. Stewart in this report stated 'The Township of Stanhope with its numerous lakes, and boldness of scenery make it particularly attractive to the sportsmen and lover of Natural beauty'. The Township was named for an English Earl, Philip Henry Stanhope, who composed a history of 18th century England.

Municipal records indicate the 18th Council for the Township of Stanhope consisted of Reeve Andrew Brown and Councillors Henry Jones, David Keers, Nelson Taylor and Henry Fitzsimmonds. One Hundred Years later the Council consists of Reeve S.G. Nesbitt, Deputy Reeve James Harrison, and Councillors Ken Whitney, Al Rawlins and Elvin Johnson.

As a result of excellent leadership and guidance from local government and the co-operation of citizens, for the past one hundred years, it is quite possible Mr. Stewart could still give the above statement in a report to-day.

CENTENNIAL EVENTS: Saturday, April 27th at Minden Municipal Park: 'Trees for Canada' 4,000 trees to be planted by the First Minden Wolf Cubs and Scouts who are selling pledges toward the number of trees planted.

COUNTY... where life is living - for everyone

Snowdon Council

The regular meeting of Council was held on the 3rd of April, 1974 with the Reeve, Deputy Reeve and all members of Council in Attendance.

Moved by G. Kellett - seconded G. Newell - That the minutes of the March 6th meeting be adopted as read.

Moved by G. Newell - seconded G. Simmons - That Land Severance Application No. 48/74 be approved.

Moved by G. Kellett - seconded G. Newell - That the General Accounts in the amount of \$992.55 and Welfare in the amount of \$603.05 be approved for payment.

Moved by G. Simmons - seconded G. Kellett - That Road Voucher #3 in the amount of \$1,513.77 be approved for payment.

Moved by G. Simmons - seconded by G. Kellett - That the Clerk contact the Ministry of Transportation and Communications requesting that in view of the part the railways had played in opening up the County, the Howland Road sign be changed to Howland Junction Road.

Moved by R. Graham - seconded G. Newell - That the Road Superintendent be instructed to spread the gasoline purchases around the various service stations within the township.

Moved by G. Kellett - seconded by R. Graham - That this meeting be adjourned until the next regular meeting to be held on May 8th at 8 p.m. unless called sooner by the Reeve.

ON TO ONTARIO PLACE

By Larry Perrott

Fifteen Travelways Coaches have been reserved for County residents to take advantage of County Centennial Day at Ontario Place.

Elsewhere in the paper you will find an advertisement outlining the trip.

The Committee is working hard to make the day a real success.

Auditions for Talent will take place at the Haliburton Highlands Secondary School at 7.30 p.m. on April 28th and May 5th. Arrangements may still be made by calling 286-1760. Remember - this is YOUR County Centennial - the only one we will be able to participate in!

The Liquor Licence Act

NOTICE

OF APPLICATION

Licensing District No. 7

TAKE NOTICE that Josef and Erika Zeus of the Police Village of Kinmount in the Township of Somerville will make application at a Special Meeting of the Liquor Licence Board of Ontario to be held at the Royal Canadian Legion Hall, 217 Murray Street, in the City of Peterborough in the County of Peterborough on Thursday the Sixteenth day of May 1974, at the hour of 2.00 o'clock in the afternoon for the issuance of a Dining Room Licence.

For the following premises: Kinvale Inn Restaurant, Box 130, Kinmount, Ontario. KOM 2AO. (Dining Room Only).

Any person who is resident in the licensing district may object to the application, and the grounds of objection in writing shall be filed with Mr. H.J. Browne, (Acting) the deputy registrar of the licensing district, whose address is 55 Lakeshore Boulevard East, Toronto, Ontario, M5E 1A4, at least ten days before the meeting at which the application is to be heard.

Dated at Kinmount this 8th day of April, 1974

Box 130, Kinmount, Ont.

The Liquor Licence Act

NOTICE

OF APPLICATION

Licensing District No. 7

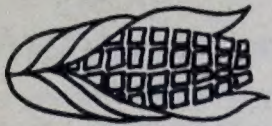

TAKE NOTICE that The Fireside Restaurant of the Municipality of Minden in the County of Haliburton, will make application at a Special Meeting of the Liquor Licence Board of Ontario to be held at the Royal Canadian Legion Hall, 217 Murray Street, in the City of Peterborough in the County of Peterborough on Thursday the Sixteenth day of May, 1974, at the hour of 2.00 o'clock in the afternoon for the issuance of a Dining Lounge Licence.

For the Following premises: The Fireside Restaurant, R.R. 1, Minden, at the Junction of Hwy. 35 and 121.

Any person who is resident in the licensing district may object to the application, and the grounds of objection in writing shall be filed with Mr. H.J. Browne, (Acting) the deputy registrar of the licensing district, whose address is 55 Lakeshore Boulevard East, Toronto, Ontario, M5E 1A4, at least ten days before the meeting at which the application is to be heard.

Dated at Minden this 18th day of April, 1974

Steve Bowskill
Applicant
c/o The Fireside
R.R. 1, Minden

Corn Egg Scramble

2 tablespoons fat 1 teaspoon salt
8 eggs dash of pepper
1 can (15 oz.) 1 cup cubed
cream style corn process cheese

Melt fat in heavy frying pan over campfire, then set aside to cool slightly. Meanwhile open can of corn. When pan has cooled a bit (you don't want eggs cooking before they are mixed) break eggs into it and beat with fork only enough to blend yolks and white slightly. Add corn and seasoning and blend together. Return to heat and cook, stirring occasionally until partially set. Add cheese cubes and continue cooking until eggs are set. Do not over stir as cheese should remain in cubes.

Yields 4 to 6 servings depending upon size of appetites.

Note: Eggs continue to cook for a few moments after they are removed from the heat, so take them from stove while they are still a bit creamy. By the time they are served, they should be done to the desired degree.

NOTICE

Under the Forest Fires Prevention Act, The period from April 1 to October 31 in each year shall be a fire season.

Fire permits are required in a fire district

- for all outdoor burning except cooking or obtaining warmth

- to ignite fireworks within 1000 feet of a forest or woodland.

A work permit is required to conduct any operation which is liable to cause an accumulation of slash or debris within 1000 feet of a forest or woodland.

No person shall smoke while walking or working in a forest or woodland.

Fire permits may be obtained from local Ministry offices or township fire wardens.

RULES AND REGULATIONS

"Streaking"

1. Streaking will be permitted as follows: female employees on odd days; males on even days.
2. Girls who have tattoos on the lower half of their bodies such as 'sock it to me' or 'what you see is what you get' will not be permitted to streak due to inspection regulations. Men with tattoos such as 'let it all hang out' likewise will not streak. Men with tattoos of butterflies, roses, or elves will streak with the females.
3. Junior executives may carry their briefcases while streaking, but the usual rule applies: no business papers -- the normal contents, such as a box of Kleenex, lunch, wife's shopping list, and Playboy magazines are permissible.
4. Girls with bust size larger than 36B must wear a bra while in the shop area or near moving machines; girls smaller than 36B should not try to impress people by wearing a bra.
5. If you streak in any area where food is served, you must wear a hair net. These will be available in the vending machine by the cafeteria.
6. In the event your physical make-up is such that your sex cannot be determined (such as flat chest for girls or long hair on boys), you must wear a tag stating 'I am a boy' or 'I am a girl'. Tags will be attached on girls with hairpin: on boys with a rubber band. 'Careful not to get that rubber band too tight, fellas, or you'll turn that streak into a shriek!'

(As promulgated for the employees of a large industrial concern)

Centennial Choir plans

By Mrs. Joan Fennell
Haliburton County Social
Planning Council,
Chairman.

The Centennial Choir, formed by the Haliburton Social Planning Council, under the leadership of Mrs. Lil Rawlins, Centennial Committee Chairman, and the able direction of Mr. Bill Gliddon of Haliburton, is practicing weekly at the high school. Anyone wishing to join this choir is encouraged to attend--it is never too late to become part of this voluntary group that is helping to celebrate your Centennial. The next practice will be 7:15 pm, April 29th. The choir will lend

29th. The choir will be joined by the Minden Senior Band, under the direction of Mr. Glen Carter. The band will lend its support to several of these have been written for the choir to sing, they are, in fact, a gift to all the citizens of Haliburton County. I hope all will have the opportunity to hear this fine music at one or more of the choir's appearances. To date, some of their commitments are: May 18th - Cardiff Fire Hall Official Opening; May 25th - Ontario Place (2 perform-

ances); June - Stanhope Airport Fly-In activities; July - Hyland Crest Senior Citizens Home (Gay Nineties Nite) September - Inter-denominational Church Service at Haliburton Village. The choir will also be singing at special services held this summer at St. Paul's Anglican Church in Minden. A tip of the hat to Mrs. Rawlins for her hard work and perseverance in bringing about the formation of this group, as well as planning for the participation of the

Planning Council in many other Centennial activities. We are indeed indebted to Bill Gliddon and his fine leadership. We have benefited from his creative abilities as a composer, as well. Bill has set to music the poem 'Haliburton Hills', written by Burleigh Wallace. Also, he has written the words and music to two other pieces--one a tribute to the earliest settlers of our land, the Indians, and the other a rousing Centennial Song for Haliburton County.

ROADS DEPARTMENT

TENDERS FOR HEAVY MACHINE RENTAL FOR CONSTRUCTION OF COUNTY ROADS

TENDERS WILL BE RECEIVED BY THE UNDERSIGNED UP TO:

5.00 P.M., E.D.S.T. MAY 1ST., 1974

FOR THE RENTAL OF LOADERS, BULLDOZERS, GRADALLS AND OTHER EQUIPMENT THAT COULD BE USED IN THE CONSTRUCTION OF ROADS.

The Bidder shall submit an hourly rate for each piece of equipment, which includes all costs including operators wages and transportation to and from the work site. The normal number of hours worked each week is 45 hours. The tenders should also show the type of equipment, model number, bucket size, if applicable, horsepower rating and other attachments.

The equipment shall be subject to inspection by the County Engineer or his representative, and the performance on the job site shall meet the approval of the County Engineer or his representative. This tender shall be for work in 1974 only. Preference shall be given to equipment owners who are residents of Haliburton County.

The tenders should be submitted in sealed, plain envelopes and marked 'Equipment Tenders' on the outside of the envelope. This tender is not for the rental of trucks.

NOTICE

NOTICE of application to The Ontario Municipal Board by the Corporation of the Townships of Anson, Hindon and Minden for approval of a by-law to regulate land use passed pursuant to Section 35 of The Planning Act.

TAKE NOTICE that the Council of the Corporation of the Townships of Anson, Hindon and Minden intends to apply to The Ontario Municipal Board pursuant to the provisions of Section 35 of the Planning Act for approval of By-Law 74-14 passed on the 13th day of March, 1974. Provisions of the By-law are furnished herewith.

By-law 74-14 being a By-law to amend By-law 14-67.

WHEREAS authority is granted under Section 35 of The Planning Act, R.S.O. 1970 subject to the approval of the Ontario Municipal Board to the Council of the Corporation of the Townships of Anson, Hindon and Minden to exercise such power.

THEREFORE the Council of the Corporation of the Townships of Anson, Hindon and Minden enacts as follows:

Section 4 - General Provisions -

The following shall be added as Clause 4.14

FRONTAGE OF LOTS

(A) Public Street - Except as provided in Section B no person shall erect any building or structure in any zone unless the lot upon which such building or structure is to be erected fronts upon an improved public street, and further that such building or structure complies with the setback and all other provisions of this by-law.

(B) Navigable Waterway - Where access to any lot is by navigable waterway, no person shall erect any building or structure on a lot unless the lot has frontage upon the navigable waterway. For the purpose of this section, where a marine allowance is in existence, the lot shall be deemed to front on the navigable waterway.

Read a first, second and third time and passed this 13th day of March, 1974.
Signed
Reginald Booth, Reeve
Richard Parisotto, Clerk

ANY PERSON INTERESTED may within fourteen (14) days after the date of this notice, send by registered mail or deliver to the Clerk of the Townships of Anson, Hindon and Minden notice of his objection to approval of said by-law, together with a statement of the grounds of such objection.

ANY PERSON wishing to support the application for approval of the by-law may within fourteen (14) days after the date of this notice send by registered mail or deliver to the clerk of the Townships of Anson, Hindon and Minden, notice of his support of approval of the said by-law together with a request for notice of hearing that may be held giving also the name and address to which such notice should be given.

THE ONTARIO MUNICIPAL BOARD may approve of the said by-law but before doing so, it may appoint a time and place when any objection to the by-law will be considered. Notice of any hearing that may be held will be given only to persons who have filed an objection or notice of support and who have left with or delivered to the Clerk undersigned the address to which notice of hearing is to be sent.

THE LAST DATE FOR FILING OBJECTIONS WILL BE MAY 10TH, 1974.

DATED at the Townships of Anson, Hindon and Minden this 25th day of April, 1974.

TODAY'S HEALTH

Acupuncture Intrigues Health Professionals

by David Woods

You've probably heard a lot about acupuncture in the past year or so, but the technique isn't new. The Chinese have been using it for more than 2,000 years.

But its use as an anesthetic in China — as opposed simply to a pain killer — dates from 1958.

The technique, which consists of inserting needles at strategic points in the body, has enjoyed some success in its country of origin. But nobody's precisely sure how it works, and even the Chinese admit its limitations.

A group of Chinese physicians visited Canada in late 1972 and showed dramatic films of complicated surgery being performed under acupuncture. But a spokesman for the group said the technique is used as an addition to conventional forms of anesthesia. Used alone as an anesthetic its effects can wear off. The advantage of acupuncture over other methods on the operating table is that the patient is awake and the surgeons can talk to him. And there are no side effects.

There's considerable disagreement among western physicians as to whether acupuncture really works. Some conceded that though it seems to be effective on orientals, it doesn't appear to be too successful for occidental patients.

Other doctors believe that acupuncture is merely a version of hypnosis — one that works in very few surgical situations, and on very few patients. And still others feel that the Chinese started using acupuncture in surgery simply because they

didn't have enough anesthetic drugs. In any event, acupuncture is still very much an experimental procedure.

In an attempt to find out more about it nine Canadian doctors and one dentist will visit China in April. When they return, they'll be able to conduct more research into acupuncture — and perhaps to teach others to do it.

At present, it's a technique that's ripe for quackery: quickie courses are being offered to non-physicians in Vancouver and Quebec, and federal health Minister Marc Lalonde warns that people should avoid non-professional practitioners of acupuncture.

Anybody seeking acupuncture treatment should be aware of its experimental nature. Until we know more about it, its use should be restricted to relief of pain, and undertaken only on the advice of a qualified physician.

About 40 doctors in Ontario, Quebec and British Columbia are currently using acupuncture.

One member of the China-bound medical team, Dr. Gerald Edelist of Toronto, says: "Acupuncture is not only surrounded by myth and misunderstanding, but promise as well. If it is improperly used at this stage there's a danger that we might be throwing away a tool that could be really useful in medicine".

David Woods is a former editor of Canadian Family Physician magazine. He has served on the staff of four medical publications, and written for several others in Canada and internationally.

ABOUT THE TOWN

with Jeanne Sears

Heard there has been serious flooding in some parts of Canada but with our earlier thaw and the snow all gone, perhaps there will be no high water. Ice is still in the lakes but perhaps will soon be gone. Spring-like weather was here last weekend and above normal temperature on Sunday.

Sunday guests with the Jack Shaws and the Phil Robinsons were Mr. and Mrs. Ern Voycey of Gamebridge and Mrs. Paul Cockburn of Woodville.

On May 18th there will be a village Cookie Blitz by the Girl Guides and Brownies so support this group and buy some cookies.

The roofs are shining from the rain,
The sparrows twitter as they fly,
And with a windy grace
The little clouds go by.
Yet the backyards are bare and brown,
With only one unchanging tree--
I could not be so sure of spring,
Save that it sings in me.
Sara Teasdale.

At the weekly Mini Card Party at the Parish Hall last Thursday afternoon winners were for bridge Doris Craig, for cribbage Cora Hewitt, and Lillian Davidson and for euchre, lone hands Vera Fuller and Edith Smith and Nellie Graham.

Nina and Leslie Prentice are home after an enjoyable winter at Fort Meyer Beach, Florida and Mr. and Mrs. Neil Barnhart and family of Dwight spent the Holiday Weekend with them.

Hint of the week: before your spring sewing, do oil the machine then run a piece of blotting paper through to pick up the extra oil.

Congratulations to Marjorie MacMinn who was the lucky winner of \$100 on the Bingo Cards at Dollo's IGA last week.

There will be a special business meeting of the Women's Institute at the Library April 30th at 1:30; all members are asked to please attend.

Weekend guests with Mrs. Wallace Walker were Mr. and Mrs. Junior Walker and family of Cameron.

Next Monday night is your chance to enjoy an evening of cards at the Orange Hall and the time eight o'clock.

Weekend guests with Mr. and Mrs. Angus Coulter were Gerald Coulter of Toronto.

Joe on phone 'I'm Lord and master in my own home and I can play poker anytime I want to--just hold on a minute while I find out if I want to'.

Once again no Mail coming in to the Post Office, but unfortunately the bills still arrive. Wonder what would happen if the general public figured a way to strike, would this stop the Unions? Perhaps we ordinary people need to form a Union against Strikes.

For each thistle, there's a flower,
For each thorn rosebuds appear;
For each day when dark clouds gather,
Another dawn both bright and clear!
For each lengthening evening shadow,
Starlight twinkles up above;
For each unkind word that is spoken,
Someone speaks a word of love!
Betty Webber

Over a hundred people enjoyed Curlers Banquet at the Recreation Centre with Buffet style dinner with all the ladies in their formal wear and music and dancing after, bringing curling season to an end.

Many people would be disappointed when the Canadian Teams in NHL were eliminated but then others were pleased, but then, a large percentage in this League are Canadians.

April showers on Monday after a lovely weekend, drive carefully, Cheerio until next week.

Dated at Minden this 2nd day of April, 1974.

Richard Parisotto, A.M.C.T.
Clerk-Administrator

Continued from P. 1

To meet the shortage in transformer oils, Ontario Hydro is investigating ways of reconditioning oils from old transformers for use in new ones. A concentrated effort is being made to reclaim or rehabilitate worn-out equipment. The use of white spruce, abundant in Ontario and Quebec, is being investigated as a possible substitute for western cedar poles which have been in short supply since 1973.

Various reasons are given for the material shortages--among them environmental demands that diverted production to cleanup devices, inflation which created additional stimulus to demand and the excess manufacturing capacity of 1970 and 1971 that discouraged expansion that might have met today's shortfall. No accurate predictions can be made on when the steel shortage will ease, but it is expected it will continue through 1974.

Rob Bob's TV

The latest in a series of breakins stretching over the past year saw a black and white television set stolen last Thursday night from Bob's TV, Minden. Thieves made off with the set after breaking in through a back window.

CRAFTSMANSHIP . QUALITY . ECONOMY

Cancer can be beaten.

Be tolerant with someone who disagrees with you; he's entitled to his ridiculous opinion.

YOU STILL HAVE TIME!

TO BENEFIT, YOU MUST FILE BOTH:

- Federal income tax return
- Ontario Tax Credit Form

EVEN IF YOU DON'T PAY INCOME TAX.

Get your fair share of Ontario's new \$300 million tax credits.

Families, pensioners, roomers, boarders, the handicapped and others will benefit. Ontario's new Tax Credit System provides for three separate credits:

1. People who own or rent (including roomers and boarders) may share in the Property Tax Credit.
2. People who fill out a Federal income tax return may share in the Sales Tax Credit.
3. People over 65 may share in the Pensioner Tax Credit.

Even if you don't pay income tax this year, please be sure to fill out and file both the Federal income tax return and the Ontario Tax Credit Form. They both come in the same envelope - you will find the Ontario Tax Credit Form on pages 2 and 3 of the T1 Schedules.

ONTARIO MUNICIPAL BOARD

IN THE MATTER OF SECTION 35 OF THE PLANNING ACT (R.S.O. 1970, c. 349),

AND

IN THE MATTER OF AN APPLICATION BY THE CORPORATION OF THE TOWNSHIP OF ANSON, HINDON AND MINDEN FOR APPROVAL OF ITS RESTRICTED AREA BY-LAW 73-28

APPOINTMENT FOR HEARING

THE ONTARIO MUNICIPAL BOARD HEREBY APPOINTS MONDAY, THE 27th DAY OF MAY, 1974, AT THE HOUR OF ONE O'CLOCK (LOCAL TIME) IN THE AFTERNOON AT THE COUNCIL CHAMBERS, MUNICIPAL BUILDING, TOWNSHIP OF ANSON, HINDON AND MINDEN (AT MINDEN) FOR THE HEARING OF ALL PARTIES INTERESTED IN SUPPORTING OR OPPOSING THIS APPLICATION

IF YOU DO NOT ATTEND AND ARE NOT REPRESENTED AT THIS HEARING, THE BOARD MAY PROCEED IN YOUR ABSENCE AND YOU WILL NOT BE ENTITLED TO ANY FURTHER NOTICE OF THE PROCEEDINGS.

IN THE EVENT THE DECISION IS RESERVED PERSONS TAKING PART IN THE HEARING MAY REQUEST A COPY OF THE DECISION FROM THE PRESIDING BOARD MEMBER. SUCH DECISION WILL BE MAILED TO YOU WHEN AVAILABLE.

DATED AT TORONTO THIS 27th DAY OF MARCH, 1974.

SECRETARY

NOTE: IT IS THE PURPOSE OF THIS BY-LAW TO PROHIBIT THE ERECTION OF ANY DWELLING OR STRUCTURE WITHIN 66 FT. OF THE PRESENT NORMAL HIGH WATER MARK, PRIMARILY IN THE INTERESTS OF PROTECTING THE LAKES AND RIVERS FROM POLLUTANTS. IT IS TO BE NOTED THAT BOAT HOUSES USED TO STORE BOATS BELONGING TO THE PROPERTY OWNER WILL CONTINUE TO BE ALLOWED.

SPORTS by Cliff Burke

O.A.S.A. Convenor - Cliff Burke

On April 5, 6 and 7th of this month I attended the 52nd annual O.A.S.A. Convention in Oshawa. Heading the convention agenda were 34 BY-LAW amendments. Fifteen of these amendments were carried. Following are some of the more significant rule changes.

1. Added to the Under 5000 series for 'C' competition were the Squirrels.
2. Changed minor (Squirt to Junior) age limits to read January 1st instead of December 31st.
3. Residence rule changed to read March 1st instead of March 15th.
4. New rule added:

'Any team that defaults the first game of the series shall forfeit the series. Any team that defaults the second game of a series shall play the third game if necessary at the home field of opposing team regardless of any arrangements made at the first game.

5. The foul posts will be a minimum of 200 feet from home plate instead of 150 feet.
6. Caps must be worn by all players coaches and managers, from Intermediate and up. Minors are exempted from wearing caps. Penalty for violation of the rule will be removal from the game after warning from the umpire. No protest allowed.
7. The pitcher shall not wear a sweatband, bracelet or similar type item on the wrist or forearm of the pitching arm. The only exception is a Medical alert bracelet.
8. The pitcher shall not be considered in a pitching position unless the catcher is in a position to receive the pitch. The catcher must be within the lines of the catchers box when the pitch is ready to be, or is, delivered.

9. If the umpire is struck by a fair hit ball that has passed an infielder, the ball is dead. The batter gets first base and is awarded a single. Only base runners who are forced may advance.

Players in the Senior League, pay close attention to rules 6, 7 and 8.

Skill School

Just a reminder to all players, coaches and managers in Haliburton County, don't forget the O.A.S.A. Skill School that will take place in Minden on April 28th at 2 p.m. Pray for good weather fellows, if it is raining the school will have to be postponed as there is no indoor facilities available.

Senior Softball

As you noticed in last week's Progress, there are six teams in this year's Senior League. All but the Haliburton Midgets are in the market for players.

So, if you have the urge to swing a bat this spring, come on out and try out for one of the teams.

The Stedman Raiders will be the team with the most openings, as it will be strictly a senior team this year and not an O.A.S.A. Junior entry. Tom Boice is the man to see for the Raiders.

The Dominion Hotel also has openings and Gene Newell is the man to see for this team. In Haliburton the Huskies need bodies, see either Tony Salvatori or Gary McKnight. In West Guilford, retirements have left openings. See Syd Cooper or George Nichols.

Hockey

On Saturday, April 20th, the Minden Bantams travelled to Haliburton to take part in the 1st Annual C.W. Hodgeson

MINDEN PROGRESS Thurs., Apr. 25, 1974 Page 13

Memorial Bantam Hockey Tournament.

There were eight teams entered in this tourney; Toronto, Bancroft, Minden, Bobcaygeon, Cobocok, Haliburton 'A', Haliburton 'B' and a PeeWee All-Star team (there were three players from Minden PeeWees on this squad, Brian Shaw, Tom Gough and Garry Harrison).

The Minden Bantam^s didn't do too badly considering the tough competition they faced.

In their first game, Bancroft downed our boys 4-1 but they had to work to win. At the end of the second period the score was tied 1-1. With a little more depth, Minden might have won this game. Due to this loss the Minden team then dropped to the Consolation side of this tournament. Craig Kennedy scored for Minden.

In the second game, Minden trounced the Haliburton 'B' team 5-0. Perry Kimble and Jerry Campbell led the Minden boys to victory and a berth in the Consolation Final. They got two goals each. Craig Kennedy notched the other Minden goal.

Minden met their arch-rivals, Cobocok, in the Consolation. Minden jumped into a 2-0 lead in the first period but couldn't hold on. Cobocok scored four straight before Perry Kimble got Minden's third. Pete McKenzie and Craig Kennedy scored the other Minden goals in the first period. Each of the Minden boys picked up souvenir miniature hockey sticks for being the Runners-up in the Consolation. The boys were all served lunch and refreshments during the tournament, which appears to have been a resounding success.

The championship went to Toronto who defeated Haliburton 'A' team, to win the C.W. Hodgeson Memorial Trophy. Cobocok won the Glen Hodgeson Trophy as Consolation winners.

A great deal of work went into this tournament and the organizers, Gary McKnight, Lenny Salvatori, Bob Stinson, Al Oakley and Grant Rae should be given a tremendous vote of thanks for their time and efforts.

Meeting Stanhope Council

This special meeting was called by the Reeve for the purpose of appointing a Councillor to fill the vacancy created by the resignation of a member of council. The three councillors and Reeve were present.

Stapley-Peters: RESOLVED: That the Council of the Township of Cardiff appoint Mr. Louis Ruthven as Councillor to fill the vacancy of James McBride who has resigned. Carried.

Stapley-Ross: That a by-law to establish, a Municipal Cemetery Board to administer and operate the McGillivray and Deer Lake Cemeteries and to exercise and perform all the duties of a Municipal Council with respect to the Cemeteries, be read. Read a first, second and third time, passed, signed by the Reeve and Clerk, sealed with the seal of the Corporation, numbered 5-74 and be engrossed in the By-law Book.

Peters-Ross: RESOLVED That the Council of the Township of Cardiff appoint the following to the Cemetery Board: for a three year term - Harold Lewis and Henry Hunter; for a two year term - Elwood Peel and Kenneth Andrews; for a one year term - Jim McAndrew. Carried.

Ross-Stapley: Motion that Council donate \$25.00 to the North Hastings Music Festival Association. Carried. Stapley-Ross: Motion that we adjourn this special meeting. Carried.

Members present included Deputy - Reeve, James Harrison and Councillors, Elvin Johnson, Kenneth Whitney and Albert Rawlins. Mr. R. B. Allison, District Municipal Engineer, Ministry of Transportation and Communications, was an invited guest at this meeting.

Moved by Elvin Johnson,

seconded by Ken Whitney. Be it resolved the Council of the Township of Stanhope request a supplementary allocation of \$14,000. subsidy dollars for construction work to be carried out during 1974, in accordance with the Highway Improvement Act. Carried.

Moved by Al. Rawlins, seconded by Elvin Johnson. Be it resolved that Council has no objection to property on pt. lot 17 con. 1X and X east of the Hawk River being used for a tent and trailer park, providing the proposed park is in accordance with all federal, Provincial (ie. Ministry of Environment, Ministry of Industry and Tourism, Dep't of Health etc.) and local By-laws and Regulations. Carried.

The balance of the meeting involved general discussion and proposals on the 1974 general budget for the Township of Stanhope. Moved by Ken Whitney, Seconded by Elvin Johnson. Be it resolved that the special meeting adjourn at 6:00 p.m. Carried.

Members Present included: James Harrison, Acting Reeve, Al. Rawlins, Ken Whitney, Elvin Johnson - Councillors:

(1) Moved by Elvin Johnson, Seconded by Ken Whitney. Be it resolved the minutes of the regular meeting held March 13, 1974 and the special meeting held March 27, 1974 be adopted as circulated. Carried.

(2) Moved by Al. Rawlins, seconded by Ken Whitney. Be it resolved that Council approve of a payment to the Airport Committee of \$500.00 for Centennial Projects, same to be deducted from the 1974 budgetary requirements for Airport purposes. Carried.

(3) Moved by Al. Rawlins, Seconded by Elvin Johnson. Be it resolved the Clerk

contact Mr. Leslie Groves, c/o Canada House, Trafalgar Square, London, England advising the Municipality is ready and willing to finalize the property agreement of 1968, regarding part lot 20 concession 5, Township of Stanhope. Carried.

(4) Moved by Ken Whitney, Seconded by Elvin Johnson. Be it resolved the Clerk order 27,000 gallon of non-asphaltic gravel dust layer road oil from Ace Oil Services Limited at 13.9c per gallon as quoted, subject to approval of Ministry of Transportation and Communications. It is understood the price includes the supply and application of this oil on roads designated by the Road Superintendent. Carried.

(5) Moved by Elvin Johnson, Seconded by Ken Whitney. Be it resolved that Council invite Mrs. Alta Whitfield of the Victorian Order of Nurses to the next regular meeting to discuss the Municipal involvement in VON Services. Carried.

(6) Moved by Ken Whitney, Seconded by Al. Rawlins. Be it resolved the Clerk contact Ontario Hydro advising that authorization be obtained from the Municipal Office for the future repair of street lights under the jurisdiction of the Municipality. Carried.

(7) Moved by Ken Whitney, seconded by Al. Rawlins. Be it resolved the Clerk acknowledge receipt of a letter from Mr. Hewson, Assessment Commissioner advising that Council is aware of the legal situation of the problem regarding roll number 05002001000. However, although this letter contains an admission of error it does not include a commitment of finances involved. Council therefore, again, request reimbursement of tax arrears involved prior to other necessary steps being taken. Carried.

(8) Moved by Al. Rawlins, seconded by Ken Whitney. Be it resolved the Township of Stanhope accept the tender bid of Thompson Crushed Stone and Gravel at \$0.93c per cubic yard for the crushing of 6,000 cubic yards of gravel in one set, same to

pass through a 3/4 screen and contain 60% stone. Price to be at belt and work to be completed by May 17, 1974. This tender accepted subject to approval of the Ministry of Transportation and Communications. Carried.

(9) Moved by Al. Rawlins, seconded by Ken Whitney. Be it resolved that general accounts totalling \$1,232.56; March Welfare totalling \$525.38 and Road Voucher #3 amounting to \$3,410.06 be allowed for payment. Carried.

(10) By-Laws 74-11 to authorize the Reeve and Clerk to execute documents relating to an exchange of Township Property described in Tax Registration #63 - 4, and By - Law 74 - 12 to authorize the Reeve and Clerk to execute documents correcting the deed registered as Instrument No. 46558 and By - Law 74 - 13 being a by - law for the purpose of stopping up, closing and exchanging a portion of the original allowance for road situate between part lot 7 concessions 2 and 3 of the Township of Stanhope, were received and read a first time. CARRIED.

By - Laws 74 - 11, 74 - 12 and 74 - 13 were read a second time and referred to a committee of the whole council with Al. Rawlins, Elvin Johnson and Al. Rawlins respectively appointed Chairman. Carried without amendment. By-laws 74-11, 74 -12 and 74-13 as reported by the committee of the Whole were read a third time, passed, signed and sealed. CARRIED.

(11) Moved by Ken Whitney, Seconded by Elvin Johnson. Be it resolved this meeting do now adjourn at 5:15 p.m., until May 8, 1974 at 9:30 a.m., unless called sooner by the Reeve. Carried.

Bowes & Cocks Announcement

DOREEN JAMES

Lynn Craigmyle, Manager of Bowes & Cocks, Haliburton and Minden Offices, is pleased to announce that Doreen James has successfully completed the required Real Estate courses and has joined the Minden Office of Bowes & Cocks Ltd. Doreen is well known to Minden and area residents through her association with S.W. Welch Ltd. in Minden.

Counted out: A teacher gave her class this problem: "If there are seven flies on your desk and you kill one, how many will remain?"

"One," answered her most down-to-earth pupil, "the dead one."

— Graphic Arts Unionist

LETTER HOME

Area girl describes Arctic life

(Mary K. Jones is a school secretary at Cambridge Bay on Victoria Island just 200 miles from the North Pole. The following letter was received by her parents, Mr. and Mrs. Ashley Lunham of Boshkung Lake...Ed.)

Well, the first two weeks of being school secretary are just about over and it has been fun, although a little confusing at times. The government forms for leaves, payroll attendance forms for teachers, teaching assistants, janitors, sub. teachers, casual help seemed quite complicated to me but would, no doubt, be easier to do another time.

Today was the big day that everyone has been preparing for all week - the official opening of the new wing to replace the one that was burned last year. The Deputy-Commissioner, Mr. Parker, Ass't Director of Education, School Services Chief, Lena Pedersen, member of the NWT Council for the Arctic Coast, the press, Information Bureau of Northern Affairs (among who was a young man from Fergus, the son of the Fergusson who used to own the hardware store. He had heard I was here and wanted to look us up, and was quite surprised to see me in the school. We had a nice visit.

The morning had started with a bang - someone had gotten into the workroom and ate quite a few of the cookies that were to be served today - cookies all over the part nearest the door. The room had been locked to prevent this, but the unusual happens here. From then on things ran quite smoothly - the junior grades sang songs in Eskimo accompanied by a guitar. The students program was ended with Grade 4s singing This Land is Your Land, in beautiful voices. The strings on the models of the school, styrofoam igloos and house (which had been made by students) were tied together by Mr. Parker and Mrs. Pedersen to symbolize the joining of the old and the new. It was quite impressive. Among the audience were young babies which are carried in big hoods on the back of their mother's parkas, and as it became too warm for them they were lifted out and it was rather a shock to see they were minus pants or diapers - just a lot of fat bare bottoms. Caribou stew was served to the guests, and it must have been delicious, the aroma floating thru the halls all morning was tantalizing. They departed about 2 for their chartered flight back to Yellowknife. The kids were given the half day off, but I am here still handing out the allowances to the Hostel Children.

Last week we had a lot of visitors - 83 kids from Montreal

and Newfoundland (the voyageurs). What a day that was. Our school students went crazy with excitement - they probably have never seen so many strangers at one time. What fun they had, learning to speak a few French words, showing the visitors the town, taking them to their homes for lunch. The visitors were quite impressed with the school as were the Directors of Education from Montreal and St. Johns. Had interesting chats with both of them. Then when it was time to go, six had to stay here until the next plane out, as there was a stretcher medivac to go on the plane. The Bay was closed, as it was Thursday, so I phoned the staff house and got the boys to open up, and apparently they did a tremendous business. The Eskimo Co-op store also opened. So it was a good day, both for the town and the children.

This job entails many things supervising the girls showers, the girls washing periods and combing of hair and brushing of teeth, etc. stencilling songs, ironing posters, helping the kids with the decorations which are simply beautiful - these kids are really great at any art work and the corridors and rooms now are just filled with everything imaginable. Then, in my spare time, I do secretarial work. All well, just two more weeks to go.

Minden Recreation Committee meets

The Fourth Meeting was held Tuesday, April 9, 1974 at 7.30 p.m. in the Council Chambers of the Municipal Building.

Present were Norman Harrison, Chairman, Lloyd Harrison, Vice-Chairman, Richard Parisotto, Secretary-Treasurer, Directors, T. Prentice, D. Pritchard and M. Welch.

Brian Sisson, Arena Mgr.

Moved by R. Parisotto-D. Pritchard that the minutes of the meeting of March 7, 1974 be approved.

Carried.

Concession reports for Feb. and March were received. Letter was received proposing partial sponsorship of Intermediate Hockey in Minden. The Committee agreed in principals and referred the matter for approval of the Municipal Council.

Report was received from the Secretary-Treasurer outlining a summary of winter activity rentals.

Moved by R. Parisotto-T. Prentice that we purchase two hand dryers at \$179.50 being the lowest bid received.

Carried.

The secretary reported that

specifications are now being prepared for the ventilation system.

Moved by M. Welch-R. Parisotto that the hourly rental rate for floor hockey be set at \$8.00.

Carried.

Moved by L. Harrison-T. Prentice that the Chairman and the Secretary-Treasurer be appointed as a Committee with the authority to appoint a replacement for the position of Assistant Manager.

Carried.

Moved by R. Parisotto-L. Harrison that we replace the netting on the goals with

nylon mesh.

Carried.

Moved by D. Pritchard-L. Harrison that the Playground Program and budget be approved and the Committee be authorized to proceed accordingly.

Carried.

Moved by R. Parisotto-T. Prentice that the Tennis Courts Committee Report be presented to Council for possible implementation in 1974.

Carried.

Moved by D. Pritchard-T. Prentice that we now adjourn at 11.30 p.m.

Carried.

YUKON YIELDS \$1 MILLION GOLD IN 1973

OVER \$2 MILLION IN GOLD WAS MINED IN THE YUKON LAST YEAR AND WITH THE INCREASE IN GOLD PRICES MORE AND MORE PEOPLE ARE INTERESTED IN TRYING THEIR LUCK WITH A PAN. IN THE YUKON, HOME OF THE KLONDIKE GOLD RUSH OF 1898, THIS IS ESPECIALLY TRUE. 'COLORS' ARE FOUND IN MOST OF THE CREEKS AND RIVERS OF THE TERRITORY AND THE LUCKY PROSPECTOR MIGHT EVEN COME UP WITH A NUGGET OR TWO.

Men Are Hospitalized More Often & for Longer Stays Than Women

Women may be the "weaker sex" - but it's the men who are hospitalized more and for longer periods of time, a recent study shows.

The study, conducted among 50,000 white-collar employees of Metropolitan Life Insurance Co., revealed that 88.7 out of each 1,000 men surveyed were admitted to hospitals during 1972 - while the rate for women, excluding routine maternity cases, was 76 out of 1,000. The average hospital stay for the men was 9.5 days compared to 9 days for women.

Among the men aged 45 to 64, almost a third of those hospitalized for nonsurgical reasons had circulatory system problems - reflecting the steep rise in heart disease.

Whisky With Soda Will Get You Drunk Faster

Whisky and soda will make you drunk faster than whisky alone - it's all those bubbles in the soda that make the difference.

"The bubbles in a fizzy drink make the substance go more quickly to the small intestine, where it's absorbed," said Dr. Gaston Pawan of London's Middlesex Hospital.

Experimenting with a team of volunteer medical students,

Dr. Pawan said he also discovered that a concentration of 10 to 20 percent alcohol makes a person drunk quicker than a very weak or very strong drink.

"Above 20 percent, alcohol is an irritant and so will not pass as quickly to the small intestine," he said.

Dr. Pawan added that lukewarm drinks are absorbed faster than cold drinks.

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

At 14, many a teen is reluctant to do chores at home, but not Terry. He is a co-operative lad, eager to please and faithful about doing the jobs his foster parents assign to him.

Terry is healthy and good-looking, short in stature but sturdy. He has blue eyes, blonde hair and a fair, freckled complexion. He is shy with new people and inclined to be quiet even with those he knows, though lately he has become more confident and outgoing.

Terry attends a school for non-academic students where he is at a senior Grade 10 level. He has a real talent for shop work. Terry loves animals. He says he wants to be a farmer and have "a lot of dogs."

Baseball is Terry's great interest. Seldom seen without his baseball glove, he is becoming a good outfielder. He also enjoys wrestling and bike riding.

Terry gets on well both at school and in his foster home when he knows exactly what is expected of him. He needs a family who can accept a boy with limited ability who can combine firmness with obvious affection and who can give him encouragement to persevere and be proud of what he accomplishes.

To inquire about adopting Terry, please write to Today's Child, Ministry of Community and Social Services, Box 888 Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.
